

"Water, water everywhere."

THE GEOLOGY, AND MINERAL DEPOSITS OF THE  
MOINA-LORINNA AREA

by

C. E. GEE, B.Sc.

Submitted as part requirement for the Degree  
of Bachelor of Science with Honours  
at the University of Tasmania.

January, 1966

# FIGURES

	FRONTISPIECE	page
Figure 1	Locality map	5
2	Bell Mount from the southeast	17
3	Surfaces east of Lorinna	17
4	Forth River in the Cethana Gorge	19
5	Deep leads - Moina-Lorinna area	21
6	Terrace twelve feet above Iris River	22
7	Swallow hole near Moina	22
10	Unconformity between Roland Conglomerate and Minnow Keratophyre, Lorinna Road	29
11	Sketch section from Cradle road to Beswick's workings	32
12	Tertiary Greybilly	37
12a	Resorbed quartz and biotite laths in quartz keratophyre	44
12b	Sericitized feldspar, quartz and biotite laths in quartz keratophyre	44
13a ) 13b )	Biotite pseudomorphing hornblende in dacite	46
14a	Xenolith of Bull Creek Volcanics (dacite ?) in Dolcoath Granite	48
14b	Porphyritic acid lava	48
15a	Hornblende-epidote replacing groundmass in acid lava	51
15b	Globular plagioclase in keratophyre tuff (?)	51
16a	Greywacke of Bull Creek Volcanics	53
16b	Hornblende-epidote segregations in greywacke	53

	page
Figure 17a Greywacke in Lorinna Volcanics	61
17b Quartz veining in quartzite of Lorinna Volcanics	61
18a Glomeroporphyritic plagioclase in granodiorite	67
18b Epidote developing along biotite cleavage	67
19 Aplite vein offset by movement along a joint, Mersey River	69
20 Protomylonite in Dove Granodiorite	71
21a Section parallel to directional texture of "dyke rock" Mersey River	73
21b Section perpendicular to directional texture of "dyke rock", Mersey River	73
22 Hornblende segregation in Dove Granodiorite	77
23 Sub-graphic texture in adamellite	79
24a Glomeroporphyritic plagioclase in Dove Granodiorite	80
24b Zoned plagioclase crystal in Dove Granodiorite	80
25 Haematite in granodiorite	81
26a Handspecimen of altered granodiorite	83
26b Thin section of altered granodiorite - quartz-sericite rock	83
27a Overgrowths on quartz in altered tuff	85
27b Sericitized feldspar and chloritized ferromagnesian in altered tuff	85
28 Quartz phenocrysts in devitrified glass (?) groundmass	86
29a Granite porphyry	87
29b Granite porphyry	87

Figure 30a Plagioclase crystal with altered core	89
30b Inclusions in albite crystal	89
31 Evolution of the Dove Igneous Suite	92
32a Graphic texture in pegmatite	99
32b Greisen	99
34 Structure associated with the Bismuth Creek Fault where it crosses the Cradle road	110
36 Sketch section NNE from the Pig and Whistle Mine	117
38 Development of lodes, Shepherd and Murphy Mine	120
39 Geology of the Shepherd and Murphy Mine	122
40 Skarn rock, Shepherd and Murphy Mine	124
41a Wolfram in quartz, Shepherd and Murphy Mine	149
41b Bismuthinite, Shepherd and Murphy Mine	149
42a Molybdenite lamellae, Shepherd and Murphy Mine	151
42b Granular magnetite with pyrite, Shepherd and Murphy Mine	151
43 Beryl crystals, Sayers Mine	155
44a Pyrite with growth inclusion	157
44b Galena replacing arsenopyrite	157
45a Pyrite in galena, Golden Hills Mine	158
45b Skeletal pyrite in galena, Round Hill Mine	158
45c Inclusions in pyrite, Round Hill Mine	158
45d Supergene covellite, Golden Hills Mine	158

	page
Figure 46a Corroded sphalerite in galena, Round Hill Mine	159
46b Exsolved tetrahedrite in galena, Round Hill Mine	159
46c "Stars" of exsolved sphalerite in chalcopyrite, Shepherd and Murphy Mine	159
47a Chalcopyrite veins and blebs in sphalerite, Golden Hills Mine	161
47b Galena veining sphalerite and pyrite, Round Hill Mine	161
48a Tetrahedrite in galena, Round Hill Mine	162
48b Chalcopyrite exsolving from sphalerite into galena, Golden Hills Mine	162
49 Lamellar haematite, Powerful Mine	167
50 Zoning around Dolcoath Granite	169

#### FIGURES IN POCKET AT BACK

Figure 8 Two inch to one mile geological map of Moina-Lorinna area	
9a )	
9b ) Sections to accompany figure 8	
35 Distribution of known lodes associated with the Dolcoath Granite	
37 Four inch to one mile geological map of Moina-Forth River area	
51 Specimen locality map	

## TABLES

	page
Table 1 Chemical analyses and norms for the Bull Creek Volcanics and similar rocks	55
2 Potassium-argon dates of the Dove Granodiorite and Murchison Granite	64
3 Chemical analyses of rocks of the Dove Granodiorite, Mersey Forestry Road	76
